I. ANNOTATION

The course in the fifth semester continues teaching fundamental knowledge about the meaning of cases and expanding skills on written and spoken speech. More complex commonly used texts are included in order to develop students' language competence. The main goal of the course is teaching students to understand the meaning of texts in Russian, to elaborate their speaking skills and build abilities to cope with tasks about exchanging information, having a conversation in Russian, etc. The training system includes tasks about correcting vocabulary and grammatical knowledge, creating own texts and reproducing existed texts as well.
