„Индустиален бизнес и логистика“ :
(доц.д-р Йордан Иванов)

I. АНОТАЦИЯ

„Strategy and Tactics of Pricing" is applied economic discipline. Its object of study is the prices. The subject is price management in the context of the conditions of the internal and external environment of the organization.

In this course students will gain knowledge on the planning, analysis and control of the activities related to corporate pricing. They will learn about analysis of existing competitive advantages and models of consumer behavior that affect the development of pricing strategies and tactics of organizations.

Content, theses and analyzes covered in the course, enabling students to acquire a system of theoretical knowledge:

- The nature of prices and its relationship with the value;
- Pricing strategies and tactics of organizations;
- The development of pricing policy, as a system of strategies and tactics;
- Costs, customers and competition as factors for the construction of the pricing behavior of organizations from;- анализ и оценка на ценовите конкурентни предимства;
- Models of consumer behavior and pricing;
- Measuring price sensitivity;
- Possible strategies based on segmentation, consumer behavior and product life cycle.

Practical knowledge for overall management and price formation in the companies and their market adaptation and implementation boils down to:

- Identification, analysis and assessment of the limits of internal and external environment in terms of prices;
- Analysis of the cost - value for - full satisfaction of customer needs;
- Establishing a system of strategic and tactical actions for profitable pricing;
- Determining the appropriate price of goods and services for the markets, segments and products.

Formation of new knowledge and skills in the trainees is based on already acquired knowledge and skills in the field of general economic theory, accounting, management, marketing, strategy, technical and operational planning and analysis and others.

II. THEMATIC CONTENT

№	TITLE OF UNIT AND SUBTOPICS	NUMBER OF HOURS
