I. ANNOTATION

The Career development course aims at improving students' employability skills regarding the proper planning of their careers, their successful application for internship / job positions and professional development.

The course consistently monitors the creation of a successful career plan, from the assessment of the interests, values and personal skills, traits and factors to the development of the necessary skills for successful realization of the students. Thoroughly reviewed are the problems associated with the interpretation of ads for internships and jobs, preparation of documents for job application (CV and cover letter), types of interviews and how to cope with them, the development of negotiation skills, adaptation to a new work environment and professional growing up, gaining knowledge about the legal aspects of employment relationships and managing them.

In the seminars largely covered are role-playing games in which the main task is to encourage students to get used to freely express their opinions related to their professional development. The aim is to reveal to the students all aspects of job applications - from the perspective of the job applicant and that of the employer.

- After the completion of the course the students should acquire the following knowledge and skills:
- > To understand the policies regarding the selection of personnel of the employer;
- > To critically analyze the expectations identified in specific job adverts;
- > To plan adequately their career development;
- > To compare their personal capabilities and set goals;
- > To draw up excellently prepared job application documents;
- To define career goals;
- > To determine proper academic education and programs in accordance with their career goals;
- ➤ To learn how to apply "critical understanding";
- > To develop key communication skills needed for their successful career development;
- To develop skills related to the successful performance at a interview etiquette, body language, speaking style, interpretation of answers.
- > Understand and plan their adaptation to a new work environment;
- > Know the legal aspects of the employment relationship.
