Studying at the University of Economics - Varna

1. How to apply to the University of Economics - Varna

Mobility students who would like to study at UE–Varna in the winter semester or for a full academic year should submit their application forms through the electronic system of the University until 20th June (after the nomination period). Those who would like to study in the summer semester should submit their application forms until 10th December (after the nomination period).

The complete set of documents is:

1. Application Form
2. Learning Agreement
3. Housing Application (where applicable)
4. 4 passport-size photos (3.5 x 4.5 cm).

Step-by-step procedure

Step 1: Check for agreements between your home university and the UE–Varna by contacting your International Relations Office. The person in charge will inform you about the procedures for you to be selected as an Erasmus+ mobility student.

Step 2: After passing the selection procedures, your home university must nominate you in our online application system.

Applications should be sent by 20th June for winter semester and full academic year, and by 10th December for summer semester.

Step 3: You will receive an e-mail with login information for access to our electronic system.

Step 4: All completed documents must be first sent to exchange_students@ue-varna.bg for checking and then, if approved, via post, along with the photos, to UE–Varna International Relations Office.

2. What to do before arrival?

Get a visa

Visa regulations for tourists are liberal: Bulgaria has agreements with numerous countries for allowing visitors to stay in the country without a visa for up to 90 days. Exchange students from EU countries do not need a visa. Exchange students from non-EU countries must obtain visa D in order to study at UE–Varna.

Get insurance

Foreign students from EU and EEA member states should have the forms E128, E111 or the EHIC card. The document type depends on the authorized insurance agency at the country of origin.

Students from non-EU member states must obtain health insurance valid on the territory of the Republic of Bulgaria from the authority responsible for health affairs in their home country.

This certificate should contain clear description of the scope of their rights. Students have to obtain health insurance certificates prior to their arrival in Bulgaria. Health insurance is necessary for visa D application.

Also...

We advise you to bring your ISIC card. The card is recognized in Bulgaria and can be helpful when purchasing international train tickets, plane tickets or visiting museums. With your ISIC card you can also get special discounts at different shops and clubs.

Motor vehicle drivers should possess a valid local or international driving licence. You need a “green card” insurance for your own vehicle.

3. How to get started at the University of Economics - Varna?

Introductory days

During your first week, you will get an in-depth review of studies, accommodation, facilities, tutoring, trips arranged for international students, etc. Presence during Welcome Days is **mandatory**.

Buddy programme

The Buddy Programme is a fun way to get to know new people in a foreign country quickly and easily, to learn more about the local culture and discover even the small and probably not so obvious at first sight details about it. Erasmus+ students about their experience at the University of Economics – Varna

Coming to Varna as an Erasmus student was the best choice I ever made. Although I was the only one from Hungary, I didn't feel alone, not even for a second. Due to coronavirus we were only 20 Erasmus students. Strangers at first, but we soon became friends, then family. The IRO, the professors, even the cleaning ladies in the dormitory were super friendly, kind and infinitely helpful. The university's location is amazing, it is only in a 5-minute walk from the beach. Going on Erasmus is really a life-changing experience. I couldn't be more grateful for the time I had there, the trips around Bulgaria and to Istanbul, the lovely scenery of the beach, the friendly and helpful people, and the new friends I made there. I feel like Varna is an underrated city for Erasmus, I wish that it will change in the near future. More people have to experience the beauty of the environment and the uniqueness of the culture. Varna is the best city to do that and I can't wait to go back. I would like to end my story with a quote:

"You never really leave the place you love. You take part of it with you and leave part of you there."

Bulgaria is a great country with a lot of opportunities for spending enjoyable time there. Starting with the amazing Sea Garden and beach bars in Varna, ending with the magnificent mountains close to the Rila Monastery and the broad wine fields. It is a long story about the number of the unforgettable places you can visit but the bottom line is to do it with your friends!

The professors are very friendly and you can feel that they want to pass their knowledge to you ;)

So as our coordinator from the UEV International Relations Office says: "Stay positive and test negative!"

Bulgaria was never in my mind or on my travel list. Erasmus gave me the chance to change this and I took the opportunity to study in a country I had never thought about. Within the two semesters I studied at the UE Varna, I experienced the wonderful sites of Bulgaria, the varied culture, the friendly people and the amazing landscape. Varna offers many activities and things to do and see as well as a lot of chances to travel to different cities such as Istanbul, Bucharest, Sofia, Nicosia and many more. All in all, I can truly say that the study abroad was one of my best times in life and I will never forget it. People from different countries became my family and Varna turned into my home. Everyone should take the chance to experience it and I want to encourage everyone to do it.

Luca Wimmers,
Germany

I chose UE-Varna because, in my opinion, it is the best place for Erasmus in Eastern Europe! I met here amazing people and the classes were really interesting for me, so I can recommend this university for your future experience. The IRO coordinators are very helpful and friendly. During my stay in Bulgaria, I have visited cities like Plovdiv and many others. I have 3 reasons to come back to Bulgaria: good wine, beautiful nature and nice people :) Enjoy your Erasmus!

Denis Radchenko,
Ukraine

We know it has been one of the greatest decisions we've made in our lives. Studying here has been an absolute pleasure, due to the interesting courses and the professionals you can find among the teaching staff of the university and the International Relations Office that will provide you with everything you need. The dormitories are the best option if you want to get the greatest possible experience with your colleagues (you will have to learn how to cook in a small kitchen though). Every place in Bulgaria is a desirable destination of travelling, and the city itself is amazing and magic... what are you waiting for to get your place?
